

# WEEK 2

## CONVERSATION GUIDE

### THIS SERIES

When you were a kid, you probably had to be reminded to share some things. Your toys. Your cookies. Your video games. But learning to share isn't just for kids. Jesus had to remind His followers to share a few things, too. In this 4-week series, we'll explore passages from the Gospels and the Book of Acts through the lens of community. Each week, we'll look at one passage about Jesus and one story about how some of His first followers put His teachings into practice in the days of the early Church. As we do, **you'll help your students learn to better love and care for each other by sharing what they have:** their stuff, their ideas, their lives, and their stories.

### THIS WEEK

#### **THE BIG IDEA**

Share your ideas because ideas become things.

#### **THE BIBLE**

John 6:5-8  
Acts 9:36-42

- **What's the dumbest idea you've ever had? What's about the best?**
- **Pop the balloon you caught during the message and read out loud the idea inside. What do you think about the idea that was shared with you?**
- **How does it feel to see one of your ideas become a reality?**
- **On a scale of 1-10, how much do you believe your ideas can change the world?**
- **Why do you think Jesus let His followers solve problems with Him, instead of solving them all Himself?**
- **Share an idea you have that you think could help others.**
- **What can our group do to help turn some of those ideas into things?**
